7: Luis Filipe Lopes
8: Activities in which I have been involved in the past week:
9: 1- Finished installing Fedora Commons + Muradora for tests.
10: 2- Made some changes to start enabling a new metadata schema. Changed some
    configuration files and copied some files from the system to replicate and use
    with the new schema. Copied DC XFORMS script and a XSL script to transform MODS
    to DC, to adapt to the new schema.
11: 3- Continue studying.
12: 4- Start studying XSLT.
13: Tasks for the next week:
14: 1- Make new JSP pages.
15: 2- Continue altering Xforms scripts.
16: 3- Start changing XSL script.

25: Activities in which I have been involved in the past week:
26: 1- Apache ODE (Orchestration Director Engine) was the choice for a BPEL engine
    because it is compliant with WS-BPEL and BPEL4WS, it is open source and runs on
    Apache Tomcat.
27: 2- Analysed the requirements for a JSON-to-BPEL transformation taking into
    account the archive structures of Apache ODE.
28: Tasks for the next week:
29: - Continue the implementation of services.
30: - Minor interface tweaks.
31: - Begin the implementation of a JSON-to-BPEL transformation service.
